

west asheville garden stroll

The fifth annual West Asheville Garden Stroll (WAGS) is scheduled for Sept. 14th! This wonderful community event is a real celebration of West Asheville, and it's **FREE** to the public, thanks to West Asheville businesses like yours! Over 1000 visitors have come to see what's growing here on the west side... and that's not just in garden beds!

In the spirit of giving back to the community, the WAGS organizers have done service projects in the community including urban garden renovations and stream bank cleanups in our parks.

This year we are starting a "seed grant" program to help West Asheville community groups and businesses with garden and/or beautification projects. Your contributions help WAGS continue to grow and flourish!
